Cannot access VPN

I am unable to connect to the company VPN from home.

OPEN4Updated 1/22/2026JIM JC

JCJohn Code • 10x Developer

10 hours ago

Hello, I will look into your VPN issue.

JSJim Smith • CEO

10 hours ago

Thank you, let me know if you need any more info.

MA Mr Admin • assigned Mr Admin • 2 hours ago

1 hour ago

Until then, you can try this:

```
# Force kill existing VPN processes
sudo killall -9 "Cisco AnyConnect" || sudo killall -9 "GlobalProtect"

# Restart the backend system daemon (example: GlobalProtect)
launchctl kickstart -k system/com.palantir.backend.ap.pangps
```
